Embassy of the Netherlands in Slovenia

12. marec ob 16:33 ·

Congratualations to Slovenian artist Ana Čigon for winning the Best Animation Award for her short movie 'Rebellious Essence', at the Malmo International LGBTQ+ Short Film Festival.

'Rebellious Essence' is a visual masterpiece but also a reflective artwork that studies the social issues related to gender. The strapline of the movie is: 'A cat walks into the Office of the Ministry for Cat Affairs and request for a passport. All goes well until the female and the male cat clerks demand to know the cat's sex.'

We hope to see more of Ana Čigon's work in the future! Meanwhile you can find more information about 'Rebellious Essence' or her other movies by clicking the following links:
